Report Overview

This template is for the workplace supervisor to use as a final report of the intern's performance. Interns must respond to the feedback provided here in their final critical reflection, so it should be delivered to them at least a week prior to that assessment being due.

For this assessment, please provide feedback to AIT on how well your intern met the performance requirements and learning outcomes set at the start of the internship. This involves completing the checklists below and commenting on specific areas of performance.

There are two sections to complete:

1. Performance Objectives
2. Professional Capabilities

When the report has been completed, please send a copy to both the intern and the AIT subject coordinator.

Note: The feedback you leave will contribute to the grade the student receives for their internship. If there is anything that you feel needs discussion with an AIT representative prior to submitting your report, please contact the Internship Coordinator.

Performance Objectives

Using the table below, please rate and comment on how well the student met the performance objectives set at the start of the internship. These objectives would have been submitted by the intern for Assessment 1, and you would have provided a preliminary evaluation in Assessment 2. This final report will build on those previous assessments.

- First, you will need to add the 3-5 objectives that you clarified with the intern when they commenced (delete or leave any rows you do not need, add more if required).
- Second, for each objective rate the performance of the intern according to the available scale.
- Third, provide a brief (1-2 sentences) comment on how the student addressed each objective.

Objective 1:
Please circle: (low) 1 2 3 4 5 (high)

Professional Capabilities

Using the table below, please rate and comment on how well the student met the professional capabilities expected of them during the internship. For each capability:

- Please answer the relevant question (2-3 sentences)
- Rate the performance of the intern according to the available scale

Question 1: What was the capacity of the intern to apply their professional and technical skills and knowledge to the tasks required of them in the workplace?
Answer 1:
Please circle: (low) 1 2 3 4 5 (high)
Question 2: How well did the intern determine and respond to the needs of different stakeholders in the workplace?
Answer 2:
Please circle: (low) 1 2 3 4 5 (high)
Question 3: Explain how the intern communicated and behaved in the workplace, and comment on how appropriately this was done.
Answer 3:
Please circle: (low) 1 2 3 4 5 (high)
Please provide any additional comments you feel are relevant. These could include information that would demonstrate a highly satisfactory internship, or something outstanding that you observed.
